

How much control do you have over your earnings?

In today's world, there are so many things that are out of your control. If you're in the market for a new career opportunity, it can be reassuring to know that there are still a few careers that offer an opportunity to exert tremendous influence over how you spend your working hours and importantly, present similar opportunities to influence your earnings.

If you are someone who is looking for a career where you can ultimately be your own boss, direct your own schedule and whose earnings are more in line with your efforts, we encourage you to discuss a career as a Financial Representative with Triangle Financial Strategies.

- At Triangle Financial Strategies you are truly in business for yourself, with an exceptional team in place to support you and your business.
- We are a privately owned firm, affiliated with The Guardian Life Insurance Company of America, a Fortune 300 Company that offers full access to a high quality line of retirement, insurance and investment products.
- Our access to leading edge technologies, such as The Living Balance Sheet®, can set you apart from the competition and bring a new perspective to your clients.
- You are not "managed" here. We are your springboard; you take your practice in the direction that works for you.
- You have the potential to earn high or competitive income, your compensation is in line with your production and the more you generate, the greater the opportunity becomes.

If this sounds like an opportunity you may want to explore, please contact me by calling (919) 239-7934 or by replying to apetrosky@trianglefinancial.com to schedule a confidential meeting to discuss your business and our opportunity.

We look forward in hearing from you.

Sincerely,

Angela Petrosky
